

IAS Portal State Appointments Issue Update

We are working hard for you!

As a valued partner, our goal is to provide you the best agent experience. It was brought to our attention there was an issue with the IAS Agent Portal that did not allow agents to access to the eApp and state-specific materials.

Please rest assured this has been resolved and you should now be able to access your appointed states within the drop down menu for the eApp, as well as the state-specific materials found in the State Forms/Documents link.

We appreciate your understanding during this time, and apologize for any delay or issue this may have caused.

Thank you again for your partnership, and if there is anything further that we can help with, please do not hesitate to contact us at:
